**Subject:** Support our river and our jobs

I've heard the EPA wants to get all pollution out of the river, but please make sure the cleanup doesn't harm jobs.

It's important to remember that the river is also a key driver in Portland economic engine. We all love the Willamette and its role in our environment. But I hope that you'll also factor in the important jobs the harbor provides.

Please do what's right for the harbor workers and the families who depend on those jobs.

Sincerely,
